READING

Part 1 (10 points, 2 points for each correct answer)

Read the following text and choose the correct answer a, b, c or d (page 5).

Axel Thorn

I have had many years as a successful rock star, but will always remember my roots and how I formed my first band.

At sixteen I was still growing up in a bad part of town. I didn't have any way to express myself; I was frustrated at the terrible state of the neighbourhood and the unfairness that existed. Just a few miles away rich people lived who had everything, while we had nothing, and could only hope for the worst of jobs.

One night, while I was at a friend's house, we found a pair of electric guitars and started playing. We pretty much taught ourselves the music and when a couple of other guys joined, who really knew how to play, I knew we had something. With my lyrics I could express far more emotion and communicate with other people.

Soon after that we set up our own band. The songs we write are still very important to us. They're about voicing how we feel about the problems and issues around us, crime, unemployment, exploitation, and the inequality in the country.

Of course, we are also expressing our own dreams and desires. It can be sensational to be on stage and have twenty thousand people sing the songs that you wrote, songs that are about people like them, and in the end, they are for people like them.

Our music has been very popular and is worth listening to, as it is the ordinary people who have made it such a success. We sing what we feel, so we're sure that if people listen to the music, they'll understand the message too.

- c. Most people at the concerts do not understand his music.
- d. He feels amazing when the crowd sings his own songs.

5. How do you think Axel would describe being in a band?

- a. Being in a band is the greatest thing I could ever hope to do. The best part is the money and being famous.
- b. We are now a hugely successful band all over the world. I want to make more pop and commercial music to make more money.
- c. Music has always been important to me to comment on social problems and communicate with the people.
- d. The enjoyment I got when I was younger is no longer there. I don't feel so connected with the people as I used to.
