NEW STUDENTS' NEWSLETTER 19TH September

WELCOME!

As a new student, you've arrived two days before term starts to look around and get settled in before your course begins and the place fills up. Here is some information to make all that a bit easier (we hope!).

The Student Welfare Office is normally open from 4 p.m. till 8 p.m. Monday to Friday. Today and tomorrow it will be open all day, from about 9 a.m. This is the place to come if you have any problems, for example about money (not yet, surely?) or where to live (we have a list of rental agencies and also advertise any rooms which become available in the university hostels at the end of term). We also give out university identity cards which you need to join the library and which allow you to get discounts at a number of local shops (including bookshops) and places of entertainment, such as clubs and cinemas.

On Monday and Tuesday of next week, second-year students will be running a book sale in the canteen from 10 to 3. Many of the books on your first-year reading list will be available and we suggest you should look here first before spending too much on new books.

The university canteen (open from 7.30 a.m. till 7.30 p.m.) sells hot meals, fairly cheaply, as well as snacks and drinks, but it'll save you money to cook at least some of your own meals. There is a basic cookery course starting next week (run by students for students, so it's really practical). If you don't know how to boil an egg, this is for you. It's always full, so get your name on the list in the welfare office NOW!

The sports centre is open from today. Look on the noticeboards there for information about athletics, swimming, team games, and so on. It is also possible to join some local city clubs, such as golf or squash, at a discount (show them your card) if you can play at a quite good level. Addresses in the sports centre office.

The Music School welcomes all members of the university, whatever their main subject of study, for part-time courses. Why not take the opportunity to start learning the guitar, violin or piano while you're here? Many advanced students offer really cheap lessons. There are also open evenings when anyone can take the chance to perform in front of an audience. Look out for notices advertising times and dates.

Read the text below and answer questions 11-15.

Cartoons

A cartoon is a drawing that tells a story. Some cartoons combine a picture with words, but others express their messages through pictures alone. Cartoons make us laugh, while at the same time they can have something very serious to say.

Most cartoonists do not draw things as they appear in real life. They use fewer details and lines. They may also draw some part of the face or the body of a person much bigger than it really is. This is often called a caricature. In addition, cartoonist often use symbols, such as a light bulb to express 'a bright idea' or a dark cloud to show that the person is sad or worried.

Cartoons are almost everywhere: in books, magazines, newspapers and films. Advertisers, teachers and governments often use them because they attract attention and are easy to read.

Comic art has existed around for centuries. The first caricatures date back to ancient times. They were round on ancient Egyptian walls and Greek vases. They often made fun of people, the king and queen, fashion etc.

11. Find the sentence or phrases in the text that say (4pts)

- a. Cartoons are funny.
